## ♥ about me

Tania Ingram is an award winning author who writes books for children, including the magical Jinny and Cooper Series, the bestselling Aggie Flea books and the heartfelt mid-grade novel, The Other Shadow. Prior to becoming an author, she was a child psychologist, specialising in brain injury, child development and mental health.

Tania has sat on the SCBWI SA committee, acted as a peer assessor on the literature panel for Arts South Australia, and is an active ambassador for the Premier's Reading Challenge. When not writing, Tania enjoys sharing her knowledge and love of books through school visits, workshops and festivals.

In her spare time Tania likes to read children's fiction, crochet crooked rugs and sing to her chickens, who pretend to be oblivious to her talent.
